FOR QUESTIONS PLEASE EMAIL CHERI@NEWPORTCOASTPRESCHOOL.COM
REGISTRATION WILL NOT BE ACCEPTED IN PERSON OR OVER THE PHONE

Enrichment Class Descriptions

Alpha Friends

This course introduces children to Alpha Friends, the phonics program used by Kindergartens in local districts. Letters have a corresponding character and movement which help children learn phonics by using different learning styles: visual, auditory, and kinesthetic. They use their knowledge of the Alpha Friends to put letters together to make sound blends, sound out simple words, and practice writing.

Art Lab

Your child will have the opportunity to create memorable works of art focused on a new artist and process each week. From Jackson Pollack-style paintings to Kandinsky's use of shapes and color, children will be sure to have fun exploring the many techniques!

CORE Athletics

CORE is a youth sports academy devoted to using sports to positively impact children's lives. At CORE, children fine-tune their sport skills in a fun and exciting atmosphere, while being exposed to important life skills. With a low 1:4 coach to student ratio, CORE kids gain skills and progress quickly.

Early Learners I/II

Early Learners will expand on vocabulary, visual and fine motor skills in this fun hands-on class created by Mrs. Catherine Lanni. With over fifteen years teaching this class, she keeps the class fun, effective and engaging.

Fine Motor Fun

Children show significant improvement in their fine motor skills, which are fundamental to school readiness, when they participate in specific activities. This class will help strengthen hand muscles, improve hand control and build confidence in fine motor skills through thematic games and activities.

Little Chef

Does your child like to help in the kitchen? Little Chefs assist in making a variety of dishes that are easy, tasty, colorful, and of course kid-friendly! Recipes include main dishes, finger foods, desserts and beverages. Some unfamiliar foods will be introduced, so this class is highly encouraged for those with picky palates.

Little Moosh

Students will celebrate and embrace the Iranian culture and native language, Farsi, as they participate in popular folk songs, games, art and stories. The curriculum will include calendar skills, numbers, letters and shapes while also incorporating weekly and seasonal themes. Taught by Miss Cheri M.Ed.

Little Scholars

Support and build upon the foundational skills that boost confidence and academic success in reading, writing and mathematics. This class offers study routines, tips for parents and overviews of typical school entrance exam scenarios in a small group setting. 1:5 ratio.

Little Scientist

Your scientist will have a blast as they experience the wonderful world of science! This class introduces vocabulary terms such as experiment, hypothesis, procedure and result. Students will be encouraged to ask scientific questions while participating in the process of investigation and making careful observations to explain their results and outcomes.

Magical Math II

Magical Math is a program designed to build a strong foundation of counting, number recognition and patterning. Topics and skills include graphing, measurement, and positional vocabulary.

Movers & Shakers

Come dance and sing your way through a fun half-hour with our popular music teacher, Mr. Garix! He plays and sings songs for children to sing along to as they enhance their musical ears and build confidence through participation.

Read to the Core

Literacy is the foundation on which academic success is built. Taught by our credentialed Reading Specialist Mrs. Jones M.S.Ed., this class includes research-based activities and lessons that build, promote and encourage the growth of the whole child. Focus will include: explicit and systematic phonics instruction, expanding vocabulary, decoding skills, sight word practice, critical thinking, and writing strategies. **Please note that the class will meet twice weekly and enrollment is for all four sessions.*

Speech/Occupational Therapy Services

NCCDP is excited to partner with **Valued Voices** to offer small group Speech and Occupational Therapy services here on campus! Sholeh Shahinfar CCC-SLP and Kaelyn Green MA, OTR/L from the Valued Voices team will work together to help your child reach their developmental milestones and support your child's speech, language and/or occupational needs. 1:5 ratio

Successful Little Athletes

Successful Little Athletes, designed and taught by Marti May M.A., M.S. since 1991. Coach Marti's SLA students will learn to achieve success in sports while building confidence. This is accomplished by learning correct form, putting forth one's best effort, and overcoming the fear of failure. Some of the sports we will cover are soccer, T-ball, hockey, lacrosse and tennis.

Yoga

Start your child's day off right with balance, peace and sun salutations. Students will be introduced to yoga, using imaginations and increasing body awareness to explore a variety of poses. Yogis will practice breathing techniques, proper form and creative movement, so come stretch with us!
