# Summer 2025

## Enrichment Class Descriptions

Session 1: June 16 – July 10

Session 2: July 14 – August 7

Class	Description
Read to the Core	Developed and taught by our credentialed Reading Specialist Mrs. Jones, this class will include explicit and systematic phonics instruction, expanding vocabulary, decoding skills, sight word practice, critical thinking, and writing strategies. <i>*Please note that the class will meet twice weekly.</i>
Magical Math	Through games and interactive activities, students will explore math concepts and enhance skills that play a role in everyday life! Activities include gaining number sense, shapes, measurement, patterning and classification to strengthen critical thinking and reasoning - all while having fun!
Sensory Explorers	Where learning the ABCs and 123s comes to life through sight, sound, touch, taste and movement! In this immersive class, little ones will dive into the alphabet and numbers in the most interactive and engaging ways possible to enhance both cognitive and physical development.
Occupational Therapy	NCCDP is excited to partner with Valued Voices to offer small group Speech and Occupational Therapy services here on campus! The Valued Voices team will work together to help your child reach their developmental milestones and support your child's speech, language and/or occupational needs. 1:5 ratio
Tiny Fine Motor Fun	This class will combine gross (large) and fine (small) motor skill activities to engage students. Gross motor activities will build balance and core strength; rotating through table activities will encourage students to work on pencil grasp, posture and scissor skills.
Little Scholars	Support and build upon the foundational skills that boost confidence and academic success in reading, writing and mathematics. Little Scholars offers study routines, tips for parents and overviews of typical school entrance exam scenarios in a small group setting. 1:5 ratio
Little Chefs	Chefs will make a variety of recipes including main dishes, finger foods, desserts and beverages that are easy, tasty, colorful, and kid-friendly! Some unfamiliar foods will be introduced, so this class is a good option for those with picky palates. <i>*Students with food allergies are not a good fit for this class.</i>
Little Scientist	Little Scientists will be introduced to the thrill of scientific discovery using simple experiments, demonstrations, data collection/analysis and more!
All that Dance	In this movement-centered class, students will learn various styles of dance including ballet, hip-hop, and jazz. Fun upbeat music and props will be used to engage students' creativity as they develop their mind-body connection and a love for movement and dance!
Yoga	Yogis will explore new yoga poses, discover different breathing exercises and learn new stretching techniques. The main objectives of this morning class are to practice slowing down, to engage with breath and to grow in yoga knowledge.
Mis Amigos	This introductory Spanish class will follow a typical preschool pattern including an introductory song, counting attendance, "feelings" check-in, stories and art, plus Spanish music and dances such as salsa, cumbias or samba!
Little Travelers	This class is designed for children to explore the rich diversity of states, countries and cultures, fostering global awareness and understanding. Travelers will embark on an exciting 'journey' to broaden their horizons and cultivate a deeper appreciation for the world around them.
Phonics Fun	Phonics Fun is an engaging class using songs, games, and activities to build a strong foundation for reading and writing skills to make learning letter recognition, letter sounds and writing letters a lot of fun. Students will be creating an illustration using NCCDP's Alphabet Chart and motions for each letter
Early Learners	EL1 helps children build vocabulary with games and activities to support auditory processing, verbal reasoning, fine motor skills and math comprehension. EL2 continues this trajectory by challenging students to develop overall Kinder readiness and prepare students for private entrance exams.
Movers & Shakers	Come dance and sing your way through a fun half-hour with our popular music teacher, Mr. Garixel! He plays and sings songs for children to sing along as they enhance their musical ears and build confidence through participation.
NC Spirit	Designed and taught by Miss Kelly, a certified Youth Fitness Specialist, to introduce children to the exciting world of dance and cheer! This class will combine basic technique and movement with fitness activities and games to foster coordination, rhythm, teamwork, self-expression, balance and flexibility.
Little Photographer	Photographers will learn the basics of camera operation. They'll work on projects that will explore concepts such as light/dark, far/near, color composition, etc... and even learn about some famous photographers!
Breakfast Chef	Chefs will make a variety of recipes including main dishes, finger foods, desserts and beverages that are easy, tasty, colorful, and kid-friendly! Some unfamiliar foods will be introduced, so this class is a good option for those with picky palates. <i>*Students with food allergies are not a good fit for this class.</i>
Fine Motor Fun	This class will combine gross (large) and fine (small) motor skill activities to engage students. Gross motor activities will build balance and core strength; rotating through table activities will encourage students to work on pencil grasp, posture and scissor skills.
Speech Therapy	NCCDP is excited to partner with Valued Voices to offer small group Speech and Occupational Therapy services here on campus! The Valued Voices team will work together to help your child reach their developmental milestones and support your child's speech, language and/or occupational needs. 1:5 ratio
CORE Athletics	CORE is a youth sports academy devoted to using sports to positively impact children's lives. At CORE, children fine-tune their sport skills in a fun and exciting atmosphere, while being exposed to important life skills. With a low 1:4 coach to student ratio, CORE kids gain skills and progress quickly.
Tiny Chefs	Chefs will make a variety of recipes including main dishes, finger foods, desserts and beverages that are easy, tasty, colorful, and kid-friendly! Some unfamiliar foods will be introduced, so this class is a good option for those with picky palates. <i>*Students with food allergies are not a good fit for this class.</i>
Hobby Lobby	Come get creative with us while learning a new crafting technique every week! Activities include stitching, gardening, painting, scrapbooking, bracelets, paper crafting, and so much more!
Game Time	Game Time is designed to foster social interaction, critical thinking and early learning skills while encouraging teamwork and friendly competition. Students are introduced to a variety of fun, engaging and age-appropriate board games, ranging from matching & memory games to simple strategy games to
Garden Explorers	Little Gardeners will explore the basics of gardening and answer the questions: How do plants grow? When and how do we plant seeds? What are garden pests and how do we control them?

- ✎ Registration must be done online and is on a first-come first-serve basis.
- ✎ Summer Enrichment classes are held in 2 sessions. Children may be enrolled in one or both sessions—no automatic
- ✎ Classes will be held only on days when regular school is in session, there will be no classes on Wed & Thur, July 3 & 4
- ✎ Enrollment changes will only be accepted prior to the start of the new session.
- ✎ Children who attend school until within 30 minutes of their enrichment class may stay for supervised play until class
